02 Information

This is a German-language feature film produced in Austria. Director Reinhard Schwabenitzky has won numerous awards for his many brilliant comedies about mothers, children, families, inheritance and degeneration. Morricone composed the original music for the film, while also re-using a large amount of existing music ([See here](#))

03 About the film

Plot : Kuti Schneider, a man of shallow knowledge and a cheerful personality, at the instigation of his mother Schnaderma, secretly inherited the estate of his recently deceased landlord: a house and money. But neither party can determine who the rightful heir is. They were all horrified one day when the legitimate heiress Ilona appeared before them from a remote part of Yugoslavia, because Ilona was the beneficiary of the high life insurance premium. In order not to lose her inheritance, Shnadmar tried her best to deceive Ilona, but all failed. In a series of contacts, Kuti really fell in love with Ilona. Ilona not only upends

Kuti's succession plan, but also his emotional world.. ([See here](#) and [Here](#))
